Hi Chance,

We've been having internal discussions about the proposed revisions to the SMS and I was hoping we could work together to set up a conference call regarding some questions that have come up. I can share the questions we'd like to discuss with you prior to the meeting. I think it would be appropriate to have the same people that attended the meeting at EPA's office in June. Would this work for you?

I also wanted to share the following letter we received from NWIFC today. In the letter, they request that EPA: (1) act on the SMS revisions, (2) conduct tribal consultation and (3) disapprove any provisions that have a narrative FCR.

(See attached file: NWIFC ltr to Michael Bussell 09-07-2012.pdf)
